RATIONALE FOR AGENDA ITEMS

Agenda Item No. 4. Approval of the Minutes of the Previous Meeting of Stockholders held last 15 October 2022

Copies of the Minutes of the 2022 Annual Stockholders' Meeting held last 15 October 2022 was made available to the stockholders shortly after the meeting last year at <https://www.tagaytayhighlands.com/wp-content/uploads/2023/03/ASM-221015-TSLATHI.pdf> . Stockholders will be asked to approve the Minutes of the 2022 Annual Stockholders' Meeting, as recommended by the Board of Directors.

Agenda Item No. 5. Presentation of 2022 Operations and Results

A report on the highlights of the performance of the Corporation for the year ended 2022, together with a summary of the 2022 Audited Financial Statements (AFS), will be presented to the Stockholders. The AFS has been reviewed by the Audit Committee and the Board of Directors, and have been audited by the external auditors who declared an unqualified opinion on the same. Stockholders will be given an opportunity to raise questions regarding the operations and report of the Corporation. The stockholders will be requested to approve the President's Report together with the AFS.

Agenda Item No. 6. Ratification of all Acts of the Board of Directors and Management from the date of the last Annual Stockholders' Meeting to the date of this meeting.

All actions, proceedings, and contracts entered into, as well as resolutions made and adopted by the Board of Directors, the different committees, and of Management from the date of the last Stockholders Meeting held last 15 October 2022 up to the date of this stockholders' meeting (07 October 2023) shall be presented for confirmation, approval, and ratification.

Agenda Item No. 7. Election of Directors for 2023 to 2024

The candidates named in this Information Statement have been nominated for election to the Corporation's Board of Directors. Their proven expertise and qualifications based on current regulatory standards and the Corporation's own norms, will help sustain the Corporation's solid performance that will result to its stockholders' benefit. The profiles of the Directors are further detailed in the Corporation's Information Statement. If elected, they shall serve as such for one (1) year from 07 October 2023 or until their successors shall have been duly elected and qualified.

Agenda Item No. 8. Appointment of External Auditors

The Audit Committee has pre-screened and recommended, and the Board has endorsed for consideration of the stockholders, the reappointment of Reyes Tacandong & Co. as the Corporation's External Auditor for 2023. The Stockholders will also be requested to delegate to the Board the authority to approve the appropriate audit fee for 2023.

THE SPA AND LODGE AT TAGAYTAY HIGHLANDS, INC. 2023 ANNUAL STOCKHOLDERS' MEETING

Guidelines for Voting in Absentia

The Board of Directors of The Spa and Lodge at Tagaytay Highlands, Inc. (the “**Club**”) has set the date of the Club's 2023 Annual Stockholders' Meeting (**ASM**) on October 07, 2023 at 11:30 A.M. The end of business day on **September 08, 2023** (“**Record Date**”) has also been set as the record date for the determination of stockholders entitled to notice of, to attend, and to vote at such meeting and any adjournment thereof.

In light of the pandemic, the Board of Directors of the Club has also approved and authorized stockholders to exercise their right to vote *in absentia* or by proxy.

REGISTRATION

The conduct of the meeting will be face to face, and stockholders may attend the meeting in person and/or cast their votes *in absentia* by registering until September 30, 2023, Saturday, 5:30 P.M.

To register, the stockholders must send an e-mail to membership.th@tagaytayhighlands.com and submit the following requirements and documents, subject to verification and validation:

1. Individual Stockholders
 - 1.1. Clear digital copy of the front and back portion of a valid government-issued identification card/s (ID/s), which include the passport, driver's license, SSS ID, senior citizen ID, among others, in order to validate the registration of the shareholder.
 - 1.2. Stock certificate number
 - 1.3. Active e-mail address/es
 - 1.4. Active contact number/s, with area and country codes
2. Multiple Stockholders or with joint accounts
 - 2.1. Clear digital copy of the front and back portion of a valid government-issued identification card/s (ID/s), which include the passport, driver's license, SSS ID, senior citizen ID, among others in order to validate the registration of the shareholders
 - 2.2. Stock certificate number/s
 - 2.3. Active e-mail addresses of the stockholders
 - 2.4. Active contact numbers, with area and country codes
 - 2.5. Digital copy of an authorization letter executed by all named holders, authorizing a holder to vote for and on behalf of the account
3. Corporate Stockholders
 - 3.1. Digital copy of the Secretary's Certificate (or equivalent for non-resident) attesting to the authority of the representative to participate and vote for and on behalf of the corporation

By providing the Club with the foregoing documents for the purpose of validating credentials and registration to participate and vote at the Club's annual stockholders' meeting, **the registering stockholder is deemed to have consented to the Club's processing of his personal data in accordance with the Data Privacy Act.**

For ease of validation, the registering stockholder shall note the following:

- a. The ID submitted must clearly show his/her photo, full name, signature, residential address, and other personal details.
- b. Any duplicate submission and/or inconsistent information/documents may result to a failed registration.

ONLINE VOTING

1. After registration and upon verification of registration credentials, a link to the voting portal, with instructions, will be sent by the Club to the qualified stockholder's registered e-mail address.
2. Log-in to the voting portal by clicking the link.
3. Upon accessing the portal, the stockholder can vote on each agenda item. A brief description of each item for stockholders' approval is appended to the Notice of Meeting.
 - 2.1 A stockholder has the option to vote "Yes", "No", or "Abstain" on each agenda item for approval.
 - 2.2 For the election of directors, the stockholder has the option to vote for all nominees, withhold vote for any of the nominees, or vote for certain nominees only.

Note: A stockholder may vote such number of his shares for as many persons as there are directors to be elected or he may cumulate said shares and give one candidate as many votes as the number of directors to be elected (5 directors) multiplied by the number of his shares shall equal, or he may distribute them on the same principle among as many candidates as he shall see fit, provided, that the total number of votes cast shall not exceed the number of shares owned by the stockholder.
4. Once the stockholder has finalized his vote, he can proceed to submit his vote by clicking the "Submit" button. After the electronic ballot has been submitted, the registered stockholder may no longer make any changes.

Please be advised that the voting platform will be made available from 21 September 2023 (Thursday) until 9:00 in the morning of 07 October 2022 (Saturday).

OPEN FORUM

During the meeting, after all items in the agenda have been discussed, the Club will have the Question and Answer Portion where representatives of the Club shall answer questions and comments received from stockholders, as time will allow.

For any concerns, please email us at membership.th@tagaytayhighlands.com

TSLTHI has no other arrangements, including options, performance shares, bonuses or consulting contracts, pursuant to which any director or executive officer of the Club was compensated, or is to be compensated, directly or indirectly, during the Clubs's last completed fiscal year, and the ensuing year.

ITEM 7. INDEPENDENT PUBLIC ACCOUNTANTS

Reyes Tacandong & Co. ("RT&Co") will be recommended for reappointment as external auditor for 2023. Representatives of RT&Co are expected to be present at the 2023 Annual Stockholders' Meeting to respond to appropriate questions and will be given the opportunity to make a statement if they so desire.

Over the past five (5) years, there was no event where the previous external auditor or RT&Co. and the Company had any disagreement with regard to any matter relating to accounting principles or practices, disclosure of financial statements or auditing scope of procedure.

In compliance with SRC Rule 68, Part I 3(B)(ix) (Rotation of External Auditors) which requires the independent auditor or in the case of an auditing firm, the key audit partners, to comply with the provisions on long association of personnel (including partner rotation) with an audit client as prescribed in the Code of Ethics for Professional Accountants in the Philippines as adopted by the BOA and PRC, Ms. Belinda B. Fernando of RT & Co. has been designated by RT & Co. (the external audit firm) to be the signing partner for the examination of the financial statements of the Company. Ms. Fernando was first designated signing partner for the audit of the Club in 2021.

TSLTHI paid RT&Co. ₱197,120 and ₱188,956 for external audit services for 2022 and 2021, respectively. For each of the last two (2) fiscal years, RT&Co. did not render services for tax accounting, planning, compliance, advice, or any other professional services for which it billed the Company the corresponding professional fees.

The Audit Committee composed of Mr. Ruben C. Tan, as Chairman, Mr. Johnip G. Cua, and Mr. Hans T. Sy as Members, recommended to the Board of Directors the reappointment of the external auditors. In the meeting of the stockholders, Management will also request that the determination of the audit fees of the external auditor for 2023 be delegated to the Board of Directors/Audit Committee.

OTHER MATTERS

ITEM 15. ACTION WITH RESPECT TO REPORTS

TSLTHI will seek the approval by the members of the Minutes of the previous Members' Meeting during which the following were taken up:

1. Call to Order
2. Proof of Notice of Meeting
3. Certification of Quorum
4. Approval of the Minutes of the Previous Meeting of Members
5. Approval of 2022 Operations and Results
6. Ratification of all Acts of the Board of Directors and Officers
7. Election of Directors
8. Appointment of External Auditors
9. Other Matters
10. Adjournment

The items covered with respect to the ratification of the acts of the Board of Directors and officers for the past year up to the date of the meeting are those items entered into in the ordinary course of business, with those of significance having been covered by appropriate disclosures such as:

1. Appointment of officers;
2. Approval of 2022 Audited Financial Statements;
3. Budget of capital expenditures/renovation and other projects;
4. ASM Schedule; and
5. Delinquency Sale.

Management reports will be submitted for approval by the members at the meeting. Approval of the reports will constitute approval and ratification of the acts of management for the past year.

ITEM 19. VOTING PROCEDURES

Each member shall be entitled to one vote, in person or thru proxy for each share with voting right. All elections and all questions, except as otherwise provided by law, shall be decided by the plurality vote of the members present in person or by proxy, a quorum (majority of the issued and outstanding capital stock having powers) being present.

In the election of directors, the five (5) nominees with the greatest number of votes will be elected directors. If the number of nominees for election as directors does not exceed the number of directors to be elected, the Secretary of the Meeting shall be instructed to cast all votes represented at the Meeting equally in favor of all such nominees. However, if the number of nominees for election as directors exceeds the number of directors to be elected, voting shall be done by ballot, and counting of votes shall be done by two (2) election inspectors appointed by the Chairman of the Meeting.

For motion on other corporate matters that will be submitted for approval and for such other matters as may properly come before the Meeting, a vote of the majority of the shares present or represented by proxy at the meeting is necessary for their approval. For the purpose of this year's annual meeting, the members may vote by attending the meeting in person or through proxies or by remote communication (in absentia). The members who opt not to attend in

person are encouraged to participate in the meeting by either of the following:

- i. by submitting duly accomplished proxies to the Office of the Corporate Secretary at 2704 East Tower, Tektite Towers, Ortigas Center, Pasig City, or via electronic copy by sending an e-mail membership.th@tagaytayhighlands.com on or before **05 October 2023, Thursday, at 11:30 A.M.**

For corporate members, the proxies should be accompanied by a Secretary's Certification on the appointment of the corporation's authorized signatory.

- ii. by registering their votes on the matters to be taken up during the meeting through the e-voting platform set up for the purpose. The e-voting portal will be open until **9:00 A.M. of 07 October 2023, Saturday**. The votes for or against the matter submitted shall be tallied by the Secretary.

Items 8, 9, 10, 11, 12, 13, 14, 16, 17, and 18 are not responded to in this report, the Club having no intention to take any action with respect to the information required therein.

SIGNATURES

After reasonable inquiry and to the best of my knowledge and belief, I certify that the information set forth in this report is true, complete and correct.

BUSINESS AND GENERAL INFORMATION**

THE BUSINESS

The Spa & Lodge at Tagaytay Highlands, Inc. (TSLTHI) was incorporated in 2001 as an exclusive lodge membership operating on a non-profit basis. Membership at TSLTHI is proprietary. This means that TSL members have full equity share in the ownership of the assets of TSLTHI, which include the land, the 25 one-bedroom suites, and the fixtures and equipment. Membership in TSLTHI cannot be assigned nor leased out. However, it may be transferred after the standard holding period requirement of two years from the date that TSLTHI is declared fully operational.

Constructed using authentic North American cedar logs, TSLTHI are designed to provide the feel and comfort of a traditional log cabin. Since it is located on one of the highest points of Tagaytay Highlands, it has a breathtaking view of Mount Makiling, Laguna Lake, Taal Volcano, and the Highlands Golf Course.

TSLTHI is situated in Tagaytay City which is about 60 kilometers south of Metro Manila.

TSLTHI Members are enjoying the following upgraded benefits:

- 24 room nights per year of free accommodation, 12 of which are weekend or holiday nights and 12 weekday nights;
- Convertibility of unused weekday nights to weekend nights (subject to room availability) with only a minimal conversion fee;
- Privilege to use more room nights after the free 24 nights, subject to the corresponding room charge;
- "Junior Membership" eligibility;
- Accommodation of guest at the Lodge; and
- Special discounts on certain spa services and facilities.

The privileges and benefits of TSLTHI Membership are subject to the procedures, rules and regulations set forth by Management for this purpose.

TSLTHI revenue contributions are generated from room sales (35.06%), service fee/Spa commission (27.95%), sundry revenue (6.72%), and other income (30.27%).

BANKRUPTCY, RECEIVERSHIP OR SIMILAR PROCEEDINGS

TSLTHI has not been involved in any bankruptcy, receivership, or similar proceedings for the past (3) years.

MATERIAL RECLASSIFICATION, MERGER, CONSOLIDATION OR PURCHASE OR SALE OF A SIGNIFICANT AMOUNT OF ASSETS (NOT ORDINARY)

TSLTHI has not engaged in any material reclassification, merger, consolidation or purchase or sale of significant amount of assets (not ordinary) for the past (3) years.

COMPETITION

There is no formal or organized secondary market for the purchase and sale of TSLTHI membership certificates (MC) in the Philippines. As such, holders of shares of TSLTHI who wish to sell or dispose of their MC may not readily find a counter party for the transaction at the desired asking price. However, there is currently a few growing number of lodge membership clubs being established in various parts of the country. This may affect appreciation in the value of investment in TSLTHI.

Investments in leisure-oriented developments such as TSLTHI facilities are influenced by economic and political conditions in the country. Any adverse economic and political developments in the country may affect the demand for such leisure facilities, and this may result in anticipated appreciation in the prices of TSLTHI membership certificates.

Although there are other companies engaged in the same line of business, TSLTHI competes in terms of services and facilities. TSLTHI is highly competitive because of its timesharing lodge accommodation and the panoramic view of Taal Lake, Mt. Makiling, and Laguna de Bay. In 2013, TSLTHI gave a concession to Asmara, Incorporated to operate the spa. Asmara offers several body treatment massages such as Aromatherapy, Swedish, Shiatsu or Combination massage, complimented with essential oils such as Lavender, Ylang-ylang, and Almond Oil.

SOURCES AND AVAILABILITY OF RAW MATERIALS

TSLTHI principal suppliers include Colombo Merchant Philippines, Jumpinwash Laundry Services and Eastworld Sales Philippines Incorporated. There are no existing major supply contracts entered into by the Company.

TRANSACTIONS WITH AND/ OR DEPENDENCE ON RELATED PARTIES

In the ordinary course of business, TSLTHI has transactions with affiliates mainly consisting of non-interest bearing advances for the acquisition/ transfer of property and equipment, supplies and reimbursement of certain expenses.

COMPLIANCE WITH ENVIRONMENTAL LAWS

TSLTHI has complied with pertinent environmental laws and regulations and wherein the Clubs has received the Environmental Certificate Clearance issued by the Department of Energy and Natural Resources.

GOVERNMENT REGULATIONS

TSLTHI has complied with licensing and regulatory requirements necessary for its development and operations.

EMPLOYEES

The TSL is run by a team of regular and casual employees as follows:

Regular Employees(based on head count as of 31 August 2023)

Officer	3
Supervisor	1
Rank & File	<u>5</u>
Total	<u>9</u>

All regular rank and file employees are not subject to the Collective Bargaining Agreement.

MAJOR BUSINESS RISKS

TSL has been sustaining its operational requirements through the collection of monthly dues from

each member and the operation of Lodge rooms. It has no foreign currency exposures or obligations that will have a material impact on its short-term or long-term liquidity due to the depreciation of the peso. Despite the current economic condition, however, TSL membership has not been adversely affected. There are no foreseeable any negative effect on members' patronage in view of the present economic condition. During the early part of the COVID-19 pandemic, the Club was experiencing reduced consumer demand owing to lost income and/or restrictions on consumers' ability to move freely and limitation of the Club's activities such as wedding and corporate events. When the government announced a more relaxed community quarantine, the Club's revenues are picking up and are expected to return to its normal earning stream within the next one to two years.

During the year, cost of services and operating expenses amounting to ₱15.06 million showed an increase of ₱2.85 million or 23.29% compared to ₱12.22 million in 2021. These were mainly due to increase in communication, light and water by ₱1.45 million or 150.99% caused by higher utility rates, supplies increased by ₱0.91 million or 328.15%, laundry services also increased by ₱0.41 million or 255.54%, and labor cost with an increase of ₱0.36 million or 15.17%. These increases were mainly attributable to higher room occupancy during the period.

Members' Support

Membership dues remains at ₱9.18 million for the years ended December 31, 2022 and December 31, 2021.

Net Loss

TSLTHI posted a net loss of ₱0.35 million for the twelve-month period ended December 31, 2022 as compared to the net loss of ₱0.92 million for the twelve-month period ended December 31, 2021.

December 2021 compared to December 2020

Revenues and Other Income

TSLTHI generated total revenues and other income of ₱2.14 million in 2021, higher by ₱0.50 million or 30.67% as compared to 2020 revenue of ₱1.64 million. Room revenue increased by ₱0.23 million or 37.09% from ₱0.63 million in 2020 to ₱0.86 million in 2021 due to higher number of room occupancy during the year. Spa revenue also increased by ₱0.14 million or 53.58% from ₱0.27 million in 2020 to ₱0.41 million in 2021. Other income also showed an increase of ₱0.48 million or 167.17% from ₱0.45 million to ₱0.77 million in 2020 and 2021 respectively. Sundry revenues, on the other hand, showed a decrease of ₱0.36 million or 79.93% from ₱4.95 million in 2019 to ₱0.45 million in 2020.

Cost of Services and Operating Expenses

During the year, cost of services and operating expenses amounting to ₱12.22 million showed a decrease of ₱6.93 million or 36.21% compared to ₱19.15 million in 2020. These were mainly due to lower depreciation for the year amounting to ₱4.84 million in 2021 compared to ₱8.12 million in 2020, decrease in salaries, wages and employee benefits by ₱1.25 million or 34.87%, sundry cost by ₱1.06 million or 86.79%, outside services by ₱0.31 million or 24.95%, communication, light and water by ₱0.39 million or 26.58%, supplies by ₱0.15 million or 30.94%, and miscellaneous expense by ₱0.28 million or 25.83%.

DISCUSSION ON CORPORATE GOVERNANCE

TSLTHI remains focused on ensuring the adoption of systems and practices of good corporate governance in enhancing value for its shareholders.

In compliance with the initiative of the Securities and Exchange Commission ("SEC"), TSLTHI submitted its Revised Corporate Governance Manual (the "Manual") to the SEC on 30 September 2020, in compliance with the Code of Corporate Governance for Public Companies and Registered Issuers (SEC MC No. 24, series of 2019). This manual institutionalizes the principles of good corporate governance in the entire Company. TSLTHI believes that corporate governance, the framework of rules, systems and processes governing the performance of the Board of Directors and Management of their respective duties and responsibilities, and from which the organization's values and ethics emerge, is of utmost importance to the Club's shareholders and other stakeholders, which include, among others, clients, employees, suppliers, financiers, government and community in which it operates. The Club undertakes every effort possible to create awareness throughout the entire organization.

The Board establishes the major goals, policies and objectives of TSLTHI, as well as the means to monitor and evaluate the performance of Management. The Board also ensures that adequate internal control mechanisms are implemented and properly complied in all levels.

TSLTHI is not aware of any non-compliance with its Revised Manual on Corporate Governance, by any of its officers or employees.

PART I - BUSINESS AND GENERAL INFORMATION

Item 1. Business

The Spa & Lodge at Tagaytay Highlands, Inc. (TSLTHI) was incorporated in 2001 as an exclusive lodge membership operating on a non-profit basis. Membership at TSLTHI is proprietary. This means that TSL members have full equity share in the ownership of the assets of TSLTHI, which include the land, the 25 one-bedroom suites, and the fixtures and equipment. Membership in TSLTHI cannot be assigned nor leased out. However, it may be transferred after the standard holding period requirement of two years from the date that TSL is declared fully operational.

Constructed using authentic North American cedar logs, TSL are designed to provide the feel and comfort of a traditional log cabin. Since it is located on one of the highest points of Tagaytay Highlands, it has a breathtaking view of Mount Makiling, Laguna Lake, Taal Volcano, and the Highlands Golf Course.

TSLTHI is situated in Tagaytay City which is about 60 kilometers south of Metro Manila.

TSLTHI Members are enjoying the following upgraded benefits:

- 24 room nights per year of free accommodation, 12 of which are weekend or holiday nights and 12 weekday nights;
- Convertibility of unused weekday nights to weekend nights (subject to room availability) with only a minimal conversion fee;
- Privilege to use more room nights after the free 24 nights, subject to the corresponding room charge;
- "Junior Membership" eligibility;
- Accommodation of guest at the Lodge; and
- Special discounts on certain spa services and facilities.

The privileges and benefits of TSLTHI Membership are subject to the procedures, rules and regulations set forth by Management for this purpose.

TSLTHI revenue contributions are generated from room sales (35.06%), service fee/Spa commission (27.95%), sundry revenue (6.72%), and other income (30.27%).

Bankruptcy, Receivership or Similar Proceedings

TSLTHI has not been involved in any bankruptcy, receivership, or similar proceedings for the past (3) years.

Material Reclassification, Merger, Consolidation or Purchase or Sale of a Significant Amount of Assets (Not Ordinary)

TSLTHI has not engaged in any material reclassification, merger, consolidation or purchase or sale of significant amount of assets (not ordinary) for the past (3) years.

Competition

There is no formal or organized secondary market for the purchase and sale of TSLTHI membership certificates (MC) in the Philippines. As such, holders of shares of TSLTHI who wish to sell or dispose of their MC may not readily find a counter party for the transaction at the desired asking price. However, there is currently a few growing number of lodge membership clubs being established in various parts of the country. This may affect appreciation in the value of investment in TSLTHI.

Investments in leisure-oriented developments such as TSLTHI facilities are influenced by economic and political conditions in the country. Any adverse economic and political developments in the country may affect the demand for such leisure facilities, and this may result in anticipated appreciation in the prices of TSLTHI membership certificates.

Although there are other companies engaged in the same line of business, TSLTHI competes in terms of services and facilities. TSLTHI is highly competitive because of its timesharing lodge accommodation and the panoramic view of Taal Lake, Mt. Makiling, and Laguna de Bay. In 2013, TSLTHI gave a concession to Asmara, Incorporated to operate the spa. Asmara offers several body treatment massages such as Aromatherapy, Swedish, Shiatsu or Combination massage, complimented with essential oils such as Lavender, Ylang-ylang, and Almond Oil.

Sources and availability of raw materials

TSLTHI principal suppliers include Colombo Merchant Philippines, Jumpinwash Laundry Services and Eastworld Sales Philippines Incorporated. There are no existing major supply contracts entered into by the Company.

Transactions with and/ or dependence on related parties

In the ordinary course of business, TSLTHI has transactions with affiliates mainly consisting of non-interest bearing advances for the acquisition/ transfer of property and equipment, supplies and reimbursement of certain expenses.

Government Regulations

TSLTHI has complied with licensing and regulatory requirements necessary for its development and operations.

Compliance with Environmental Laws

TSLTHI has complied with pertinent environmental laws and regulations and wherein the Clubs has received the Environmental Certificate Clearance issued by the Department of Energy and Natural Resources.

Employees

TSLTHI is run by a team of regular and casual employees as follows:

Regular Employees*	
Officer	3
Supervisor	1
Rank & File	5
Total	<u>9</u>

* Based on head count as of Dec 31, 2022.

All regular rank and file employees are subject to the Collective Bargaining Agreement.

Major Business Risks

TSLTHI has been sustaining its operational requirements through the collection of monthly dues from each member and the operation of lodge rooms. It has no foreign currency exposures or obligations that will have a material impact on its short-term or long-term liquidity due to the depreciation of the peso. Despite the current economic condition, however, TSL membership has not been adversely affected. There are no foreseeable negative effects on members' patronage in view of the present economic condition.

Item 2. Properties

TSLTHI is located in Tagaytay Highlands, Complex, Barangay Calabuso, Tagaytay City 4120, Cavite. Its principal properties include the whole building structure with 25-lodge accommodations, 14-individual massage rooms, and a salon. The building structure is situated on a 1-hectare land about 60 kilometers south of Metro Manila. These properties are well maintained and go through regular repairs and maintenance programs throughout the year.

TSLTHI has complete ownership and that there is no other party who owns the property. In addition, the property is free from all liens, encumbrances, and mortgages. There are no limitations as to the ownership brought about by the terms and conditions of any encumbrances.

Item 3. Legal Proceedings

As of 31 December 2022, there is no material pending legal proceeding which TSLTHI is a party to.

Item 4. Submission of Matters to a Vote of Security Holders

Item 7. Financial Statements

The audited balance sheets as of December 31, 2022 and 2021, and the related statements of revenues and expenses and cash flows for each period ended are attached herewith as part of this Form 17-A. Also accompanying the financial statements is a statement of management's responsibility over them.

Item 8. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

There have been no disagreements with any accountant or any matter of accounting principles or practices, financial statement disclosure or auditing scope of procedure.

Independent Public Accountants, External Audit Fees and Services

Reyes Tacandong & Co. ("RT&Co") is the Company's external auditor for 2022. Representatives of RT&Co are expected to be present at the 2023 Annual Stockholders' Meeting to respond to appropriate questions and will be given the opportunity to make a statement if they so desire.

Over the past five (5) years, there was no event where previous external auditor or RT&Co. and the Company had any disagreement with regard to any matter relating to accounting principles or practices, disclosure of financial statements or auditing scope of procedure.

In compliance with the SRC Rule 68, paragraph 3 (b) and (ix) (Rotation of External Auditors) which states that signing partner shall be rotated after every five (5) years of engagement with a two-year cooling-off period for the re-engagement of the same signing partner, the Company engaged Belinda B. Fernando of RT&Co. for the examination of financial statements of 2021 and 2022.

The Company paid RT&Co ₱160,000.00 for external audit services for 2022 and 2021. For each of the last two (2) fiscal years, RT&Co. and SGV did not render services for tax accounting, planning, compliance, advice, or any other professional services for which it billed the Company the corresponding professional fees.

The Audit Committee composed of Mr. Ruben C. Tan, as Chairman, Mr. Johnip G. Cua, and Mr. Hans T. Sy as Members, recommends to the Board of Directors the appointment of the external auditors. The Board of Directors and the stockholders approve the Audit Committee's recommendation. The Board of Directors approves the audit fees as recommended by the Audit Committee.

PART IV- CORPORATE GOVERNANCE

Item 13. Corporate Governance

The Club remains focused on ensuring the adoption of systems and practices of good corporate governance in enhancing value for its shareholders.

In compliance with the initiative of the Securities and Exchange Commission ("SEC"), the Club submitted its Corporate Governance Manual (the "Manual") to the SEC. This manual institutionalizes the principles of good corporate governance in the entire Company. The Club believes that corporate governance, the framework of rules, systems, and processes governing the performance of the Board of Directors and Management of their respective duties and responsibilities, and from which the organization's values and ethics emerge, is of utmost importance to the Club's shareholders and other stakeholders, which include, among others, clients, employees, suppliers, financiers, government, and community in which operates. The Club undertakes every effort possible to create awareness throughout the entire organization.

The Club has complied with the relevant SEC circulars and rules on good corporate governance. The Club also appointed members of various Board level committees. These committees consist of the Corporate Governance Committee (tasked with ensuring compliance with and proper observance of corporate governance principles and practices), the Board Risk Oversight Committee (tasked to assist the Board in overseeing the Club's practices and processes relating to risk assessment and risk management; maintaining an appropriate risk culture, reporting financial and business risks and associated internal controls, and the Audit Committee (tasked to represent and assist the Board in its general oversight of the Club's accounting and financial reporting processes, audits of the financial statements, and internal control and audit functions.)

A Compliance Officer was also appointed. Members of various committees are elected annually and to serve for a term of one (1) year.

As proof of compliance with leading practices and principles of Good Governance, the Club has formally adopted a manual on Corporate Governance and regularly submits to SEC its Corporate Governance Self-Rating Form.

The Board establishes the major goals, policies, and objectives of the Club, as well as the means to monitor and evaluate the performance of Management. The Board also ensures that an adequate internal control mechanism is implemented and properly complied in all levels.

The Club is not aware of any non-compliance with its Manual on Corporate Governance, by any of its officers or employees.

INDEPENDENT AUDITORS' REPORT

The Members and the Board of Directors
The Spa and Lodge at Tagaytay Highlands, Inc.
Tagaytay Highlands Complex
Barangay Calabuso, Tagaytay City 4120 Cavite

Opinion

We have audited the accompanying financial statements of The Spa and Lodge at Tagaytay Highlands, Inc. (the Company), which comprise the statements of financial position as at December 31, 2022 and 2021, and the statements of comprehensive income, statements of changes in equity and statements of cash flows for the years then ended, and notes to financial statements, including a summary of significant accounting policies.

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as at December 31, 2022 and 2021, and its financial performance and its cash flows for the years then ended in accordance with Philippine Financial Reporting Standards (PFRS).

Basis for Opinion

We conducted our audits in accordance with Philippine Standards on Auditing (PSA). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics) together with the ethical requirements that are relevant to the audit of the financial statements in the Philippines, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

Management is responsible for the other information. The other information comprises the information included in the SEC Form 20-IS (Definitive Information Statement) and SEC Form 17-A (Annual Report) for the year ended December 31, 2022, but does not include the financial statements and our auditors' report thereon. The SEC Form 20-IS and SEC Form 17-A for the year ended December 31, 2022 are expected to be made available to us after the date of this auditors' report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audits of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

Other Matter

The financial statements of the Company as at and for the year ended December 31, 2020 were audited by another auditor, whose report dated May 28, 2021, expressed an unmodified opinion on those financial statements.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with PFRS, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSA will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, these could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with PSA, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audits.

NOTES TO FINANCIAL STATEMENTS

AS AT AND FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021

(With Comparative Information for 2020)

1. Corporate Information

The Spa and Lodge at Tagaytay Highlands, Inc. (the Company) was incorporated and registered with the Philippine Securities and Exchange Commission (SEC) on December 2, 1999. The Company was established to acquire, own, maintain and operate vacation houses, suites or rooms in condominium form or otherwise, for use of its members and to promote other activities among its members on a nonprofit basis.

The registered office address of the Company is located at Tagaytay Highlands Complex, Barangay Calabuso, Tagaytay City 4120 Cavite.

On November 26, 2001, the SEC granted the Company its permit to offer its proprietary membership certificates to the public (see Note 11). Belle Corporation (Belle), a publicly-listed company in the Philippines, owns 46.77% and 46.54% of the Company's proprietary membership certificates as at December 31, 2022 and 2021, respectively.

The Company's financial statements as at and for the years ended December 31, 2022 and 2021 (with comparative figures and information for 2020) was approved and authorized for issuance by the Board of Directors (BOD) on April 1, 2023, as reviewed and recommended for approval by the Audit Committee on the same date.

2. Summary of Significant Accounting Policies

Basis of Preparation and Statement of Compliance

The financial statements of the Company have been prepared in compliance with Philippine Financial Reporting Standards (PFRS) issued by the Philippine Financial and Sustainability Reporting Standards Council (formerly Financial Reporting Standards Council) and adopted by the SEC, including SEC pronouncements. This financial reporting framework includes PFRS, Philippine Accounting Standards (PAS), Philippine Interpretations from International Financial Reporting Interpretations Committee (IFRIC) and SEC provisions.

Based on the quantitative criteria set by the SEC, the Company qualifies as a small entity (SE). However, the Company as an issuer of proprietary membership certificates to the public is considered a publicly-accountable entity and is therefore required to prepare its financial statements in accordance with PFRS.

The summary of significant accounting policies used in the preparation of the financial statements has been consistently applied to all the years presented, unless otherwise stated.

Measurement Bases

The financial statements are presented in Philippine Peso (Peso), the Company's functional currency. All amounts are rounded to the nearest Peso except when otherwise indicated.

The financial statements of the Company have been prepared on a historical cost basis, except for plan assets which is measured at fair value and retirement liability which is measured at the present value of defined benefit obligation. Historical cost is generally based on the fair value of the consideration given in exchange for an asset and fair value of the consideration received in exchange for incurring a liability.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Company uses market observable data to the extent possible when measuring the fair value of an asset or a liability. Fair values are categorized into different levels in a fair value hierarchy based on inputs used in the valuation techniques as follows:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

If the inputs used to measure the fair value of an asset or a liability might be categorized in different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Further information about the assumptions made in measuring fair values is included in Note 18.

Adoption of Amended PFRS

The accounting policies adopted are consistent with those of the previous financial year, except for the adoption of the following amended PFRS:

- Amendments to PAS 16, *Property, Plant and Equipment - Proceeds Before Intended Use* – The amendments prohibit deducting from the cost of property, plant and equipment any proceeds from selling items produced while bringing that asset to the location and condition necessary for its intended use. Instead, the proceeds and related costs from such items shall be recognized in profit or loss. There is no transition relief for first-time adopters.
- Amendments to PAS 37, *Onerous Contracts - Cost of Fulfilling a Contract* – The amendments specify which costs shall be included when assessing whether a contract is onerous or loss-making. The ‘costs of fulfilling’ a contract comprise the ‘costs that relate directly to the contract’. These costs can either be incremental (e.g., the costs of direct labor and materials) or can be an allocation of costs directly related to fulfilling a contract (e.g., depreciation of fixed assets). At the date of initial application, the cumulative effect of applying the amendments is recognized as an opening balance adjustment to retained earnings or other component of equity, as applicable. Accordingly, the comparatives are not restated.

- Annual Improvements to PFRS 2018 to 2020 Cycle:
 - Amendment to PFRS 9, *Financial Instruments - Fees in the '10 per cent' Test for Derecognition of Financial Liabilities* – The amendment clarifies which fees an entity shall include when it applies the '10 per cent' test in assessing whether to derecognize a financial liability (i.e. whether the terms of a new or modified financial liability is substantially different from the terms of the original financial liability). These fees include only those paid or received between the borrower and the lender, including fees paid or received by either the borrower or the lender on the other's behalf. The amendment applies to financial liabilities that are modified or exchanged on or after the beginning of the annual reporting period in which the entity first applied the amendment.
 - Amendment to PFRS 16, *Leases - Lease Incentives* – The amendment removed from Illustrative Example 13 the illustration of the reimbursement of leasehold improvements by the lessor. The objective of the amendment is to avoid any potential confusion regarding the treatment of lease incentives because of how the requirements for lease incentives are illustrated.

The adoption of the amended PFRS did not materially affect the financial statements of the Company. Additional disclosures were included in the financial statements, as applicable.

Amendments to PFRS Issued but not yet Effective

Relevant amendments to PFRS which are not yet effective for the year ended December 31, 2022 and have not been applied in preparing the financial statements are summarized below.

Effective for annual periods beginning on or after January 1, 2023:

- Amendments to PAS 1 and PFRS Practice Statement 2, *Making Materiality Judgements - Disclosure Initiative – Accounting Policies* – The amendments require an entity to disclose its material accounting policies, instead of its significant accounting policies and provide guidance on how an entity applies the concept of materiality in making decisions about accounting policy disclosures. In assessing the materiality of accounting policy information, entities need to consider both the size of the transactions, other events or conditions and its nature. The amendments clarify (1) that accounting policy information may be material because of its nature, even if the related amounts are immaterial, (2) that accounting policy information is material if users of an entity's financial statements would need it to understand other material information in the financial statements, and (3) if an entity discloses immaterial accounting policy information, such information should not obscure material accounting policy information. In addition, PFRS Practice Statement 2 is amended by adding guidance and examples to explain and demonstrate the application of the 'four-step materiality process' to accounting policy information. The amendments should be applied prospectively. Earlier application is permitted.

- Amendments to PAS 8, *Accounting Policies, Changes in Accounting Estimates and Errors - Definition of Accounting Estimates* – The amendments clarify the distinction between changes in accounting estimates and changes in accounting policies, and the correction of errors. Under the new definition, accounting estimates are “monetary amounts in financial statements that are subject to measurement uncertainty.” An entity develops an accounting estimate if an accounting policy requires an item in the financial statements to be measured in a way that involves measurement uncertainty. The amendments clarify that a change in accounting estimate that results from new information or new developments is not a correction of an error, and that the effects of a change in an input or a measurement technique used to develop an accounting estimate are changes in accounting estimates if they do not result from the correction of prior period errors. A change in an accounting estimate may affect only the profit or loss in the current period, or the profit or loss of both the current and future periods. Earlier application is permitted.
- Amendments to PAS 12, *Income Taxes - Deferred Tax Related Assets and Liabilities from a Single Transaction* – The amendments require companies to recognize deferred tax on transactions that, on initial recognition, give rise to equal amounts of taxable and deductible temporary differences. The amendments should be applied on a modified retrospective basis. Earlier application is permitted.

Effective for annual periods beginning on or after January 1, 2024 -

- Amendments to PAS 1, *Presentation of Financial Statements - Classification of Liabilities as Current or Non-current* – The amendments clarify the requirements for an entity to have the right to defer settlement of the liability for at least 12 months after the reporting period. The amendments also specify and clarify the following: (i) an entity’s right to defer settlement must exist at the end of the reporting period, (ii) the classification is unaffected by management’s intentions or expectations about whether the entity will exercise its right to defer settlement, (iii) how lending conditions affect classification, and (iv) requirements for classifying liabilities where an entity will or may settle by issuing its own equity instruments. The amendments must be applied retrospectively. Earlier application is permitted. If applied in earlier period, the Company shall also apply Amendments to PAS 1 – Noncurrent Liabilities with Covenants for that period.

Under prevailing circumstances, the adoption of the foregoing amendments to PFRS is not expected to have any material effect on the financial statements of the Company. Additional disclosures will be included in the financial statements, as applicable.

Financial Assets and Liabilities

Date of Recognition. The Company recognizes a financial asset or a financial liability in the statements of financial position when it becomes a party to the contractual provisions of a financial instrument. In the case of a regular way purchase or sale of financial assets, recognition and derecognition, as applicable, is done using settlement date accounting.

Initial Recognition. Financial instruments are recognized initially at fair value, which is the fair value of the consideration given (in case of an asset) or received (in case of a liability). The initial measurement of financial instruments, except for those designated at fair value through profit or loss (FVPL), includes transaction cost.

“Day 1” Difference. Where the transaction price in a non-active market is different from the fair value of other observable current market transactions in the same instrument or based on a valuation technique whose variables include only data from observable market, the Company recognizes the difference between the transaction price and fair value (a “Day 1” difference) in profit or loss. In cases where there is no observable data on inception, the Company deems the transaction price as the best estimate of fair value and recognizes “Day 1” difference in profit or loss when the inputs become observable or when the instrument is derecognized. For each transaction, the Company determines the appropriate method of recognizing the “Day 1” difference.

Classification of Financial Instruments. The Company classifies its financial assets at initial recognition under the following categories: (a) financial assets at FVPL, (b) financial assets at amortized cost, and (c) financial assets at fair value through other comprehensive income (FVOCI). The classification of a financial instrument largely depends on the Company’s business model and on the purpose for which the financial instruments are acquired or incurred and whether these are quoted in an active market.

Financial liabilities, on the other hand, are classified as either financial liabilities at FVPL or financial liabilities at amortized cost.

As at December 31, 2022 and 2021, the Company does not have financial assets at FVOCI and financial assets and liabilities at FVPL.

Financial Assets at Amortized Cost. A financial asset shall be measured at amortized cost if both of the following conditions are met:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortized cost are subsequently measured at amortized cost using the effective interest method, less any allowance for impairment. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees that are an integral part of the effective interest rate. Gains and losses are recognized in profit or loss when the financial assets are derecognized or impaired and through amortization process. Financial assets at amortized cost are included under current assets if realizability or collectability is within 12 months after the reporting period. Otherwise, these are classified as noncurrent assets.

This category includes cash and cash equivalents and trade and other receivables (excluding advances to employees).

Financial Liabilities at Amortized Cost. Financial liabilities are categorized as financial liabilities at amortized cost when the substance of the contractual arrangement results in the Company having an obligation either to deliver cash or another financial asset to the holder, or to settle the obligation other than by the exchange of a fixed amount of cash or another financial asset for a fixed number of its own equity instruments.

These financial liabilities are initially recognized at fair value less any directly attributable transaction costs. After initial recognition, these financial liabilities are subsequently measured at amortized cost using the effective interest method. Amortized cost is calculated by taking into account any discount or premium on the issue and fees that are an integral part of the effective interest rate. Gains and losses are recognized in profit or loss when the liabilities are derecognized or through the amortization process.

This category includes trade and other payables (excluding membership dues collected in advance and statutory payables).

Reclassification of Financial Assets

The Company reclassifies its financial assets when, and only when, it changes its business model for managing those financial assets. The reclassification is applied prospectively from the first day of the first reporting period following the change in the business model (reclassification date).

For a financial asset reclassified out of the financial assets at amortized cost category to financial assets at FVPL, any gain or loss arising from the difference between the previous amortized cost of the financial asset and fair value is recognized in profit or loss.

For a financial asset reclassified out of the financial assets at amortized cost category to financial assets at FVOCI, any gain or loss arising from a difference between the previous amortized cost of the financial asset and fair value is recognized in other comprehensive income (OCI).

Impairment of Financial Assets at Amortized Cost

The Company recognizes an allowance for expected credit loss (ECL) on financial assets at amortized cost based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive. The difference is then discounted at an approximation to the asset's original effective interest rate.

For trade receivables, the Company has applied the simplified approach and has calculated ECL based on the lifetime ECL. Simplified approach requires that ECL should always be based on the lifetime ECL. Therefore, the Company does not track changes in credit risk, but instead recognizes a loss allowance based on lifetime ECL at each reporting date. The Company uses specific identification approach in determining the loss given default (recoverable amount or outstanding balance).

The Company has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate.

For other financial assets at amortized cost, which comprise of cash and cash equivalents and nontrade receivables, the Company applies the general approach in measuring the ECL. The ECL is based on the 12-month ECL, which pertains to the portion of lifetime ECL that result from default events on a financial instrument that are possible within 12 months after the reporting date.

However, when there has been a significant increase in credit risk since initial recognition, the allowance will be based on the lifetime ECL. When determining whether the credit risk of a financial asset has increased significantly since initial recognition, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and consider reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

A financial asset is written off when there is no reasonable expectation of recovering the financial asset in its entirety or a portion thereof. This is generally the case when the Company determines that the counterparty does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off.

Derecognition of Financial Assets and Liabilities

Financial Assets. A financial asset (or, where applicable a part of a financial asset or part of a group of similar financial assets) is derecognized when:

- the right to receive cash flows from the asset has expired;
- the Company retains the right to receive cash flows from the asset, but has assumed an obligation to pay them in full without material delay to a third party under a “pass-through” arrangement; or
- The Company has transferred its right to receive cash flows from the asset and either: (a) has transferred substantially all the risks and rewards of the asset, or (b) has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its right to receive cash flows from an asset and has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the asset is recognized to the extent of the Company’s continuing involvement in the asset. Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Financial Liabilities. A financial liability is derecognized when the obligation under the liability is discharged, cancelled or has expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in profit or loss.

Offsetting Financial Assets and Liabilities

Financial assets and liabilities are offset and the net amount is reported in the statements of financial position if, and only if, there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, or to realize the assets and settle the liabilities simultaneously. This is not generally the case with master netting agreements, and the related assets and liabilities are presented gross in the statements of financial position.

Classification of Financial Instrument between Liability and Equity

A financial instrument is classified as liability if it provides for a contractual obligation to:

- deliver cash or another financial asset to another entity;
- exchange financial assets or financial liabilities with another entity under conditions that are potentially unfavorable to the Company; or
- satisfy the obligation other than by the exchange of a fixed amount of cash or another financial asset for a fixed number of own equity shares.

If the Company does not have an unconditional right to avoid delivering cash or another financial asset to settle its contractual obligation, the obligation meets the definition of a financial liability. Otherwise, the financial instrument is classified as equity.

Inventories

Inventories are valued at the lower of cost and net realizable value. Cost is determined using the weighted average method. All costs directly attributable to acquisition such as the purchase price, transport cost and taxes that are not subsequently recoverable from taxing authorities are included as part of the cost of inventories.

The net realizable value of inventories is the estimated selling price in the ordinary course of business, less estimated costs necessary to make the sale. In determining the net realizable value, the Company considers any adjustment necessary for obsolescence.

When the net realizable value of inventories is lower than its cost, the inventories are written down to its net realizable value and the excess of the cost over the net realizable value is charged to profit or loss.

Other Current Assets

This account consists of creditable withholding taxes (CWT), deferred input value-added tax (VAT), advances to suppliers, prepayments, and excess of input over output VAT.

CWT. CWT represents the amount withheld by the Company's customers in relation to its income. CWT is stated at its net realizable amount and can be utilized as payment for income taxes provided that these are properly supported by certificates of creditable tax withheld at source subject to the rules on Philippine income taxation.

Deferred Input VAT. Deferred input VAT pertains to VAT on the unpaid portion of availed services. Deferred input VAT that is expected to be realized within 12 months after the financial reporting period are classified as current assets, otherwise these are classified as noncurrent assets.

Advances to Suppliers. Advances to suppliers pertain to amounts paid in advance for goods or services to be utilized or incurred in connection with the Company's operations. These are recognized as asset in the statements of financial position or charged to profit or loss, upon actual receipt of goods or services, which is normally within 12 months or within the normal operating cycle.

Prepayments. Prepayments are expenses not yet incurred but paid in advance. Prepayments are apportioned over the period covered by the payment and charged to the appropriate account in profit or loss when incurred. Prepayments that are expected to be realized for no more than 12 months after the reporting period are classified as current assets. Otherwise, these are classified as noncurrent assets.

VAT. Revenues, expenses and assets are recognized net of the amount of VAT, except:

- where the tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case the tax is recognized as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- receivables and payables that are stated with the amount of tax included.

The net amount of tax recoverable from the taxation authority is included as part of “Other current assets” account in statements of financial position.

The net amount of tax payable to the taxation authority is included as part of “Statutory liabilities” under “Trade and other payables” account in the statements of financial position.

Property and Equipment

Property and equipment, except land, is stated at cost less accumulated depreciation and any impairment in value. Land is stated at cost, including transaction costs less any impairment in value.

The initial cost of property and equipment consists of its purchase price, including import duties, nonrefundable taxes and any directly attributable costs in bringing the asset to its working condition and location for its intended use. Such cost includes the cost of replacing part of such property and equipment when that cost is incurred if the recognition criteria are met.

Expenditures incurred after the property and equipment have been put into operation, such as repairs and maintenance, are normally charged to profit or loss in the period when the costs are incurred. In situations where it can be clearly demonstrated that the expenditures have resulted in an increase in the future economic benefits expected to be obtained from the use of an item of property and equipment beyond its originally assessed standard of performance, the expenditures are capitalized as additional cost of property and equipment.

Upon disposal, any revaluation surplus relating to the particular asset being sold is transferred to retained earnings.

Depreciation is computed on a straight-line basis over the estimated useful lives of the assets. The depreciation periods for property and equipment, based on the above policies, are as follows:

<u>Asset Type</u>	<u>Number of Years</u>
Building and improvements	20
Office furniture and equipment	2 to 10

The estimated useful lives and depreciation method are reviewed periodically to ensure that the periods and method of depreciation is consistent with the expected pattern of economic benefits from items of property and equipment.

An item of property and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the year the asset is derecognized.

Fully depreciated assets are retained as property and equipment until these are no longer in use.

Impairment of Nonfinancial Assets

The Company assesses at each reporting date whether there is an indication that the nonfinancial assets may be impaired. If any such indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. Recoverable amount is the higher of an asset's or cash-generating unit's fair value less costs of disposal or its value in use, and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

An assessment is made at each reporting date as to whether there is any indication that previously recognized impairment losses may no longer exist or may have decreased. If such indication exists, the Company makes an estimate of recoverable amount. A previously recognized impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognized. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increased amount cannot exceed the carrying amount that would have been determined, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in profit or loss.

Proprietary Membership Certificates

Proprietary membership certificates are measured at stated value for all proprietary membership certificates issued. Incremental costs directly attributable to the issuance of new proprietary membership certificates are recognized as a deduction from proceeds, net of any tax effects.

Deficit

Deficit represents the cumulative balance of the Company's results of operations.

OCI

OCI comprises items of income and expense that are not recognized in profit or loss for the year. This includes cumulative remeasurement loss on net retirement asset.

Basic and Diluted Loss per Proprietary Membership Certificate

The Company computes its basic loss per proprietary membership certificate by dividing net loss for the period attributable to ordinary equity holders of the Company by the weighted average number of proprietary membership certificate outstanding during the period.

Diluted loss per proprietary membership certificate amounts are computed in the same manner, adjusted for the dilutive effect of any potential proprietary membership certificate. As at December 31, 2022, 2021 and 2020, the Company has no potential dilutive proprietary membership certificate.

Members' Support

Members' support pertains to membership dues which are recognized in the statements of comprehensive income over time based on the applicable period. Members' advance payments are recognized as part of "Membership dues collected in advance" under "Trade and other payables" account in the statements of financial position.

Revenue Recognition

Revenue from contract with customers is recognized when the performance obligation in the contract has been satisfied, either at a point in time or over time. Revenue is recognized over time if one of the following criteria is met: (a) the customer simultaneously receives and consumes the benefits as the Company performs its obligations; (b) the Company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or (c) the Company's performance does not create an asset with an alternative use to the Company and the Company has an enforceable right to payment for performance completed to date. Otherwise, revenue is recognized at a point in time.

Disaggregation of revenue based on major sources is presented on the statements of comprehensive income.

The Company also assesses its revenue arrangements to determine if it is acting as a principal or as an agent. The Company has assessed that it acts as a principal in all of its revenue sources.

The following specific recognition criteria must also be met before revenue is recognized:

Room Sales. Revenue is recognized at point in time when the room facilities are used and the related services are rendered.

Spa Services. Revenue is recognized at point in time when services have been rendered.

Food, Beverages and Sundries. Revenue from the sale of food, beverages and sundries is recognized at a point in time when the related orders are served.

Interest Income. Interest is recognized as it accrues taking into account the effective yield on the asset, net of final tax.

Membership Transfer and Assignment Fees. Revenue is recognized at point in time upon transfer and assignment of member shares.

Other Income. Revenue is recognized at point in time when earned or when services have been rendered.

Cost and Expense Recognition

Costs and expenses are decreases in economic benefits during the accounting period in the form of outflows or depletions of assets or incurrence of liabilities that result in decrease in equity, other than those relating to distributions to equity participants.

Cost of Services. Cost of services is recognized as expense when the related services are rendered.

General and Administrative Expenses. These constitute costs of administering the business and costs incurred to sell and market goods and services. These are expensed as incurred.

Employee Benefits

Short-term Benefits. The Company recognizes a liability net of amounts already paid and an expense for services rendered by employees during the year. Short-term employee benefits given by the Company to its employees include salaries and wages, social security contributions, short-term compensated absences and bonuses and non-monetary benefits.

Short-term employee benefit liabilities are measured on an undiscounted basis and are expensed as the related service is provided.

Retirement Benefits. The net retirement asset is the aggregate of the by the fair value of plan assets (FVPA) reduced by the present value of the defined benefit obligation (DBO) at the end of the reporting period.

Retirement benefit costs are actuarially determined using the projected unit credit method which reflects services rendered by employees to the date of valuation and incorporates assumptions concerning employees' projected salaries.

The cost of providing benefits under the defined benefit plan is actuarially determined using the projected unit credit method.

Defined benefit costs comprise the following:

- Service cost;
- Net interest on the net retirement liability or plan asset; and
- Remeasurements of net retirement liability or plan asset.

Service costs which include current service costs, past service costs, and gains or losses on non-routine settlements are recognized as expense in profit or loss. Current service costs are the increase in the present value of the DBO in the current period. Past service costs are recognized when plan amendment or curtailment occurs. These amounts are calculated periodically by independent qualified actuaries.

Net interest on the net retirement asset is the change during the period in the net retirement asset that arises from the passage of time which is determined by applying the discount rate based on government bonds to the net retirement asset. Net interest on the net retirement asset is recognized as expense or income in profit or loss.

Remeasurements comprising actuarial gains and losses and return on plan assets are recognized immediately in OCI in the period in which they arise. Remeasurements are not reclassified to profit or loss in subsequent periods.

Plan assets are assets that are held in trust and managed by a trustee bank. Plan assets are not available to the creditors of the Company, nor can they be paid directly to the Company. FVPA is based on market price information. When no market price is available, the FVPA is estimated by discounting expected future cash flows using a discount rate that reflects both the risk associated with the plan assets and the maturity or expected disposal date of those assets (or, if they have no maturity, the expected period until the settlement of the related obligations). If the FVPA is higher than the present value of the DBO, the measurement of the resulting retirement plan asset is limited to the present value of economic benefits available in the form of refunds from the plan or reductions in future contributions to the plan.

The Company's right to be reimbursed of some or all of the expenditure required to settle a DBO is recognized as a separate asset at fair value when and only when reimbursement is virtually certain.

Income Taxes

Current Tax. Current tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rate and the tax laws used to compute the amount are those that are enacted or substantively enacted at the end of the reporting period.

Deferred Tax. Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and their corresponding tax bases. Deferred tax liabilities are recognized for all temporary differences that are expected to increase taxable profit in the future.

Deferred tax assets are recognized for all temporary differences and carryforward benefits of unused tax credits from the net operating loss carryover (NOLCO) that are expected to reduce taxable profit in the future. Deferred tax assets are measured at the highest amount that, on the basis of current or estimated future taxable profit, is more likely than not to be recovered.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are reassessed at each reporting date and are recognized to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rate and tax laws that have been enacted or substantively enacted at reporting date.

Current tax and deferred tax are recognized in profit or loss except to the items recognized directly in equity or in OCI.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Segment Reporting

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to the transactions with any of the Company's other components. The Company has club operations as its only segment.

Related Parties and Transactions

Parties are considered to be related if one party has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions. Parties are also considered to be related if they are subject to common control or common significant influence.

A related party transaction is a transfer of resources, services or obligations between a reporting entity and a related party, regardless of whether a price is charged.

Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingencies

Contingent liabilities are not recognized in the financial statements. These are disclosed in the notes to financial statements unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent assets are not recognized in the financial statements but are disclosed when an inflow of economic benefits is probable.

Events after the Reporting Date

Events after the reporting date that provide additional information about the Company's financial position at reporting date (adjusting events) are reflected in the financial statements. Events after the reporting date that are non-adjusting events are disclosed in the notes to financial statements when material.

Comparatives

When necessary, comparative figures have been reclassified to conform to the changes in the presentation of the current year.

3. Significant Judgment, Accounting Estimates and Assumptions

The preparation of the financial statements in accordance with PFRS requires management to exercise judgment, make estimates and use assumptions that affect amounts of assets, liabilities, income and expenses reported in the financial statements and related notes. The judgment, estimates and assumptions used in the financial statements are based upon management's evaluation of relevant facts and circumstances as at reporting date.

While the management believes that the assumptions are reasonable and appropriate, significant differences in the actual experience or significant changes in the assumptions may materially affect the estimated amounts. Actual results could differ from such estimates.

Judgment

In the process of applying the Company's accounting policies, management has made the following judgment, apart from those involving estimations, which have the most significant effect on the amounts recognized in the financial statements.

Determining the Classification of Financial Instruments. The Company exercises judgments in classifying a financial instrument on initial recognition either as a financial asset, a financial liability or an equity instrument in accordance with the substance of the contractual arrangement and the definitions of a financial asset, a financial liability or an equity instrument. The substance of a financial instrument, rather than its legal form, governs its classification in the statements of financial position.

The classification of financial assets depends on the results of the business model test and “solely payment of principal and interest” test performed by the Company. The Company exercises judgment in determining the business model to be used in managing its financial instruments to achieve their business objectives.

The Company determines that the primary business model used in the management of its financial assets is to hold the financial asset to collect contractual cash flows representing solely payments of principal and interest. Consequently, all financial assets are measured at amortized cost.

Accounting Estimates and Assumptions

The key estimates and assumptions used in the financial statements are based upon management’s evaluation of relevant facts and circumstances as at the date of the Company’s financial statements. Actual results could differ from such estimates.

Assessing ECL on Financial Assets at Amortized Cost. For receivable from members, the Company uses specific identification approach in determining balance of receivables from each members to be potentially uncollectible, when it meets the following criteria: (a) the members is more than 120 days past due on its contractual payments, i.e. principal and/or interest including penalties; and (b) the current market value of the shares of each member is below its outstanding receivables. The current market value of the shares is considered as collateral in case of non-payment of members, as the Company has the current right to rescind the shares and sell it in an auction. The Company determines the loss given default (recoverable amount of outstanding receivables) in computing the provision for ECL.

For receivable from related parties, the Company uses judgment, based on the best available facts and circumstances, including but not limited to, assessment of the related parties’ operating activities (active or dormant), business viability and overall capacity to pay, in providing for ECL. The provision for ECL are re-evaluated and adjusted as additional information is received.

For other financial assets at amortized cost, the Company applies the general approach in measuring ECL. The Company assessed that cash in banks and cash equivalents are deposited with reputable counterparty banks that possess good credit ratings. For nontrade receivables, the Company considers the financial capacity of the counterparties to pay the obligations to the Company as they fall due.

The Company did not recognize provision for ECL in 2022 and 2021 (provision for ECL amounted to ₱31,475 in 2020). Allowance for ECL on receivables amounted to ₱0.7 million as at December 31, 2022 and 2021 (see Note 5).

The carrying amounts of financial assets at amortized cost are as follows:

	Note	2022	2021
Cash in banks and cash equivalents	4	₱16,286,745	₱4,245,513
Trade and other receivables*	5	1,959,730	2,661,803

*Excluding advances to employees

Determining the NRV of Inventories. The Company writes down the carrying value of inventories whenever NRV of inventories becomes lower than cost due to damage, physical deterioration, obsolescence, changes in prices level or other causes. The carrying value of inventories is reviewed at each reporting date. Inventory items identified to be obsolete and unusable are also written off and charged as expense in the statements of comprehensive income.

There was no allowance for inventory write-down in 2022, 2021 (and 2020). The carrying values of inventories amounted to ₱0.4 million and ₱0.3 million as at December 31, 2022 and 2021, respectively (see Note 6).

Estimating the Useful Lives of Depreciable Property and Equipment. The Company estimates the useful lives of the depreciable property and equipment based on the period over which these assets are expected to be available for use. The estimated useful lives are reviewed periodically and are updated if expectations differ from previous estimates due to physical wear and tear, technical or commercial obsolescence and legal or other limits on the use of these assets. In addition, estimation of the useful life is based on collective assessment of industry practice, internal technical evaluation and experience with similar assets. It is possible, however, that future results of operations could be materially affected by changes in estimates brought about by changes in factors mentioned above. The amounts and timing of recorded expenses for any period would be affected by changes in these factors and circumstances. Management will increase the depreciation charges where the period of consumption is less than the previously estimated period of consumption.

There were no changes in the estimated useful lives of property and equipment in 2022, 2021 (and 2020). The carrying amount of depreciable property and equipment amounted to ₱13.1 million and ₱13.9 million as at December 31 2022 and 2021, respectively (see Note 8).

Assessing Impairment of Nonfinancial Assets. The Company assesses impairment on nonfinancial assets whenever events or changes in circumstances indicate that the carrying amounts of these assets may not be recoverable. The factors that the Company considers important which could trigger an impairment review include the following:

- Significant underperformance relative to expected historical or projected future operating results;
- Significant changes in the manner of use of the acquired assets or the strategy for overall business; and
- Significant negative industry or economic trends.

An impairment loss is recognized whenever the carrying amount of an asset exceeds its estimated recoverable amount. The recoverable amount is the higher of the asset's value in use or fair value less cost to sell. In determining value in use, the present value of estimated future cash flows expected to be generated from the continued use of the assets is determined using estimates and assumptions that can materially affect the financial statements.

The Company assessed that there were no impairment indicators, hence, no impairment loss was recognized during 2022, 2021 (and 2020). The carrying amounts of nonfinancial assets are as follows:

	Note	2022	2021
Property and equipment	8	₱18,965,426	₱19,764,869
Other current assets	7	4,607,930	2,863,489

Estimating the Retirement Benefits. The determination of the Company's obligation and cost for retirement benefits is dependent on the selection of certain assumptions used by actuaries in calculating such amounts. Those assumptions are described in Note 16 to the financial statements.

Retirement expense amounted to ₱0.1 million in 2022 and 2021 (₱0.3 million in 2020). Net retirement asset amounted to ₱0.3 million and ₱0.1 million as at December 31, 2022 and 2021, respectively (see Note 16).

Assessing the Realizability of Deferred Tax Assets. The Company reviews its deferred tax assets at each reporting date and reduces the carrying amount to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized.

The Company has unrecognized deferred tax assets amounting to ₱6.8 million and ₱7.9 million as at December 31, 2022 and 2021, respectively (see Note 17). Management has assessed that it is not probable that sufficient taxable income will be available to allow all of the deferred tax assets to be utilized.

4. Cash and Cash Equivalents

This account consists of:

	2022	2021
Cash on hand	₱120,000	₱88,671
Cash in banks	15,724,868	3,685,677
Cash equivalents	561,877	559,836
	₱16,406,745	₱4,334,184

Cash on hand consists of funds kept in different outlets. Cash in banks earn interest at the prevailing bank deposit rates.

Cash equivalents pertain to short-term placements which are made for varying periods of up to three months depending on the immediate cash requirements of the Company, and earn interest based on prevailing market interest rates.

Interest income earned amounted to ₱5,016 and ₱4,384 in 2022 and 2021, respectively (₱11,635 in 2020).

5. Trade and Other Receivables

	Note	2022	2021
Trade:			
Members		₱1,212,766	₱1,919,304

Less allowance for ECL		746,764	746,764
		₱1,962,880	₱2,824,753

Trade receivables from members pertain to billings by the Company for the services it rendered to members. This account also includes outstanding membership dues. Members' accounts are normally on a 30 to 60 days' term. Unsettled members' accounts for more than 60 days are considered past due. The Company has the option to put members' proprietary shares into auction in case of nonpayment of members' accounts when the account is more than 120 days past due.

Receivable from credit card pertains to receivable from local banks arising from the use of the members' credit card in payment of their applicable dues. These are noninterest-bearing and are normally collected within the following month.

Nontrade receivables arise from transactions other than the Company's normal operations. These are collectible within the next reporting period. Receivables from related parties pertain to billings by the Company to the related parties for the services it rendered to the related parties' members. These receivables are noninterest-bearing and are due and demandable.

Advances to employees are normally liquidated within one month from availment date.

Movement in allowance for ECL is as follows:

	Note	2022	2021	2020
Balance at beginning of year		₱746,764	₱746,764	₱715,289
Provision	14	–	–	31,475
Balance at end of year		₱746,764	₱746,764	₱746,764

6. Inventories

Inventories carried at cost amounting to ₱383,674 and ₱263,945 as at December 31, 2022 and 2021, respectively, are lower than its net realizable value.

Cost of inventories charged to operations amounted to ₱0.6 million and ₱0.2 million in 2022 and 2021, respectively (₱1.2 million in 2020) (see Note 13).

Statutory payables		799,192	32,943
Retention payable		–	101,000
		₱20,344,328	₱7,692,309

Trade payables are noninterest-bearing and are normally on a 30 to 60 days' term.

Payable to related parties consist of reimbursements for certain operating expenses of the Company, net of room charges and costs of spa services rendered to Belle-sponsored clients. These payables are due and demandable.

Payable to concessionaire pertains to the payable to Asmara, Inc. for the spa services it rendered to members and guests. These are normally settled within a year upon receipt of the statements of account.

Membership dues collected in advance pertain to membership dues that are already collected but are not yet earned as at reporting date. This is expected to be classified as members' support within the next financial year.

Accrued expenses are generally settled within the following month.

Statutory payables pertain to obligations to government agencies that are normally settled in the following month.

Retention payable pertains to payable to contractor for the upgrading of the Company's building.

10. Related Party Transactions

The Company has the following transactions and balances with its related parties:

Related Party	Transaction	Amount of Transactions			Outstanding Balances

Terms and Conditions of Transactions with Related Parties

The outstanding balances as at year-end are unsecured, noninterest-bearing, due and demandable, and settlement occurs in cash. The Company has not made any provision for ECL relating to the amounts owed by the related parties. This assessment is undertaken each financial year by examining the financial position of the related parties and the market in which the related parties operate.

Transactions with a Shareholder

Transactions with Belle consist of reimbursement of utilities and repairs and maintenance works.

Transactions with Other Belle Clubs

The Company has an agreement with another Belle Club appointing the latter to organize, manage and operate the Company effective September 1, 2008. The contract shall be effective for a period of one year subject to renewal upon agreement by both parties.

The Company's transactions include rendering of services to members of other Belle Clubs and reimbursement of operating expenses.

Transactions with Retirement Benefit Plan

The Company has retirement benefit plan in the form of a bank-trustee managed account with BDO Unibank, Inc. - Trust and Investments Group. The Company's transactions with the retirement fund mainly pertain to interest-bearing contributions during the year.

Compensation of Key Management Personnel

There is no compensation of key management personnel in 2022 and 2021 (and 2020). The administration of the Company is handled by another Belle Club under a Memorandum of Agreement.

11. Equity

Track Record of Registration of Securities

The following summarizes the information on the Company's registration of securities under the Securities Regulation Code:

<u>Date of SEC Approval</u>	<u>Authorized Membership Certificates</u>	<u>Number of Certificates Issued</u>	<u>Issue/Offer Price</u>
November 26, 2001	434	434	₱750,000

The proprietary membership certificates amounted to ₱125.0 million as at December 31, 2022 and 2021.

The Company is organized as a non-stock entity, and on a nonprofit basis, for the sole and exclusive benefit of its members. The Company has 434 members classified into 5 Voting Members and 429 Non-Voting Members. Each type of member is issued a Proprietary Membership Certificate which is transferable in accordance with the provision of the Articles of Incorporation (AOI) and the By-Laws. Unless otherwise so stated in the face of the Certificate, Proprietary Membership Certificates pertain to Non-Voting Members.

Voting Members are the incorporators of the Company who are designees/nominees of the developer, Belle. In order to ensure compliance with the overall concept of the Tagaytay Highlands Complex (the "Complex") of which the Company is a part of, as well as to ensure uniformity in policy among the various components of said Complex, Voting Members have the exclusive right to vote and be voted for as Directors of the Company and have the exclusive right to attend all general or special members' meetings. Aside from the other rights and privileges of other members, they have the right to the corresponding equity participation in the properties and assets of the Company upon its dissolution. Voting Members may assign or transfer their membership only to designees/nominees of Belle unless waived by the latter in writing.

Non-Voting Membership is available to natural and juridical persons who are shareholders and/or members of other Belle Clubs and any other club development of Belle as may be determined by the Company's BOD, upon purchase of Proprietary Membership certificates of the Company and admission as such members by the BOD.

Non-Voting Members do not have the right to vote or be voted for as Directors of the Company. They are, however, entitled to the rights described herein, including the right to the corresponding equity participation in the properties of the Company in the event of dissolution or liquidation. In case the owner of Proprietary Membership Certificates is a juridical entity, such rights may be enjoyed by its duly designated representative but only upon approval of such designation by the BOD of the Company.

Holders of Proprietary Membership Certificates admitted as members of the Company are entitled to such rights and are subject to restrictive conditions as follows:

- a. Each member is entitled to 24 one-room night use of the Company's vacation suites per year, consisting of 12 weekend/holiday nights and 12 weekday nights. Weekend/holiday nights as used herein refer to Fridays, Saturday, Sundays and legal or special non-working holidays under Philippines laws. Although the Proprietary Membership Certificate may be assigned or transferred under the restrictions specified hereunder, such room night entitlement is not assignable or transferable and its use is subject to the reservation procedures and other rules and regulations as may be prescribed by the BOD.
- b. No profit inures to the exclusive benefit of any of the members of the Company, hence, no dividend shall be declared in their favor. Members are entitled only to a pro-rata share of the assets of the Company at the time of the dissolution or liquidation of the Company.
- c. Holders of Proprietary Membership Certificates through secondary and subsequent transfers or assignments are subject to the payment of annual dues and other dues and assessments in such amounts and subject to such rules and conditions as may be prescribed in the By-Laws or by the BOD to meet the expenses for the general operations of the Company, and the maintenance and improvement of its premises and facilities. The designated representative of a holder of a Proprietary Membership Certificate who is a juridical entity is billed for such dues. In case of non-payment by such representative, the holder of the Proprietary Membership Certificates is ultimately liable for the payment of such dues. Such dues, together with all other obligations of such members to the Company, constitute a first lien on the Proprietary Membership Certificates, second only to any lien in favor of the national or local government, and in the event of delinquency, such Certificate may be ordered sold by the BOD in the manner provided in the By-Laws to satisfy said dues or other obligations of the members. No transfer of Proprietary Membership Certificate(s) is recorded in the Membership Book of the Company, unless all unpaid obligations of the selling member, assignor or predecessor-in-interest have been fully paid.
- d. Holders of Proprietary Membership Certificates should not sell, transfer, convey, or otherwise dispose of their Proprietary Membership Certificates (i) for a period of 2 years commencing from and after the date the relevant Reservation Agreement for such Proprietary Membership Certificate(s) is accepted by Belle, or (ii) for the period that the Company's vacation suites are under construction until the date of opening and actual operations of the Company's vacation suites, whichever comes later.

- e. Any member or owner of a membership certificate other than the developer, Belle, selling or disposing of his/its membership certificate in the Company, pay a transfer fee in such amount as may be determined by the BOD from time to time. Said transfer fee is levied and collected at the time of transfer in the Company's Membership Book. Any transfer of membership, except transfer by hereditary succession, made in violation of these conditions renders it null and void, hence, not recorded in the books of the Company.
- f. Membership in the Company may be registered only in the name of a single person, firm, entity, association or corporation. Juridical entities may designate only one individual representative for each Proprietary Membership Certificate owned by them.
- g. In case any member violates the provisions of the AOI or the By-Laws or the rules and regulations of the Company, or the resolutions duly promulgated by the BOD, or commit any other act or conduct which the BOD may deem injurious to the interest or hostile to the objects of the Company, such member may be expelled by the BOD in the manner provided in the By- Laws upon proper notice and hearing. A member who is so expelled then ceases to be such and lose the benefits of membership except the right to demand payment for his/its membership certificate in accordance with the By-Laws of the Company. The expelled member surrenders his membership certificate forthwith to the Secretary of the Company for cancellation. Refusal of such member to do so after the lapse of 30 days from notice by the Company authorizes the Corporate Secretary to cancel such certificate in the books of the Company.
- h. No issuance or transfer of membership certificates of the Company which would reduce the ownership of Philippine citizens or nationals in the Company to less than the minimum percentage required by any applicable provisions of the Constitution, law, or regulation to be owned by Philippine citizens or nationals, is made or effected by, or recorded in the books of the Company.
- i. Membership certificates of the Company may be encumbered by the holder thereof. In the event of either a foreclosure or execution sale, the Company is entitled to a right, but not the obligation to redeem the certificate by tendering to the lien holder the amount necessary to discharge the obligation which gave cause to the foreclosure or execution. For this purpose the right of redemption may be exercised by the Company within a period of ninety days or such longer period as may be allowed by law from and after written notice of foreclosure or execution is received by the Company. In cases of foreclosure or execution sale, no transfer of the membership certificate(s) sold there under is made or effected by, or recorded in the books of the Company, where the winning bidder/transferee of such membership certificate(s) is not qualified to become a Member under Section 7 paragraph 3 of the AOI.
- j. Holders of Proprietary Membership Certificates are not entitled to any preemptive right to purchase additional membership certificates which the Company may now or in the future issue.
- k. Membership certificates shall be in such form as the BOD approves, but all such certificates contain an appropriate reference to the foregoing limitations and restrictions, and these may be issued or transferred in the books of the Company only in accordance with the terms and provisions of such limitations and restrictions.

12. Basic and Diluted Loss Per Proprietary Membership Certificate

Basic and diluted loss per membership certificate is computed as follows:

	2022	2021	2020
(a) Net loss	(P354,860)	(P923,746)	(P8,340,481)
(b) Weighted average number of proprietary membership certificates	434	434	434
Basic and diluted loss per proprietary membership certificate (a/b)	(P818)	(P2,128)	(P19,218)

In 2022, 2021 (and 2020), the Company has no potential dilutive proprietary membership certificates outstanding, therefore basic loss per proprietary membership certificate is the same as diluted loss per proprietary membership certificate.

16. Retirement Benefits

The Company is a participant to the Tagaytay Highlands Multiemployer Retirement Plan which is non-contributory defined benefit plan. The plan provides a retirement benefit equal to one hundred percent (100%) of plan salary for every year credited service or in accordance with the collective bargaining agreement. Benefits are paid in a lump sum upon retirement or separation in accordance with the terms of the plan.

Republic Act 7641, *Retirement Pay Law*, requires a provision for retirement pay to qualified private sector employees in the absence of any retirement plan in the entity. The law does not require minimum funding of the plan.

The retirement benefit obligation is determined using the projected unit credit method. The latest available actuarial report of the Company is as at December 31, 2022.

The components of retirement expense recognized under “Cost of services” account in the statements of comprehensive income are as follows (see Note 13):

	2022	2021	2020
Current service cost	₱139,209	₱146,201	₱222,477
Net interest expense (income)	(9,894)	2,370	53,676
Interest on the effect of asset ceiling	243	–	–
Settlement loss	–	–	23,024
	₱129,558	₱148,571	₱299,177

The components of net retirement asset are as follows:

	2022	2021
FVPA	₱1,159,349	₱980,470
Present value of DBO	(817,449)	(879,695)
Effect of the asset ceiling	(43,180)	(4,826)
	₱298,720	₱95,949

The changes in fair value of plan assets are as follows:

	2022	2021
Balance at beginning of year	P980,470	P505,731
Contributions	191,856	464,214
Remeasurement loss	(67,120)	(18,546)
Interest income	54,143	29,071
Balance at end of year	P1,159,349	P980,470

The changes in present value of the retirement liability are as follows:

	2022	2021
Balance at beginning of year	P879,695	P797,986
Remeasurement loss (gain) on DBO due to changes in:		
Financial assumptions	(243,377)	(141,294)
Experience adjustments	(2,327)	45,361
Current service cost	139,209	146,201
Interest expense	44,249	31,441
Balance at end of year	P817,449	P879,695

The cumulative remeasurement loss recognized in OCI are as follows:

	2022	2021
Balance at beginning of year	P716,912	P789,473
Remeasurement loss (gain):		
DBO	(245,704)	(95,933)
Plan assets	67,120	18,546
Changes in the effect of asset ceiling	38,111	4,826
	(140,473)	(72,561)
Balance at end of year	P576,439	P716,912

The principal actuarial assumptions used to determine retirement benefits are as follows:

	2022	2021
Discount rate	7.15%	5.03%
Salary increase rate	4.00%	4.00%

The sensitivity analysis based on reasonably possible changes of the assumptions are as follows:

	Change in Assumption	Effect on the present value of retirement liability	
		2022	2021
Discount rate	+100bps	(P88,961)	(P107,836)
	-100bps	104,297	128,553
Salary increase rate	+100bps	106,616	128,595
	-100bps	(92,263)	(109,780)

Each sensitivity analysis on the significant actuarial assumptions was prepared by remeasuring the DBO at the end of each reporting date after adjusting one of the current assumptions according to the applicable sensitivity increment or decrement while all other assumptions remained unchanged.

It should be noted that the changes assumed to be reasonably possible at the valuation date are open to subjectivity, and do not consider more complex scenarios in which changes other than those assumed may be deemed more responsible.

The composition of plan assets for benefits as at December 31 is as follows:

	2022	2021
Debt instruments - government bonds	93%	98.29%
Debt Instruments - other bonds	8.82%	1.21%
Cash and Cash Equivalents	1.54%	-
Unit investment trust funds	1.19%	0.91%
Others (market gain/loss, accrued receivables net of payables, etc.)	-4.55%	-0.41%
	100.00%	100.00%

The retirement plan exposes the Company to actuarial risks as follows:

Investment and Interest Risks. The present value of retirement liability for consistency is calculated using a discount rate determined by reference to market yields to government bonds. Generally, a decrease in the interest rate of a reference government bonds will increase the plan obligation. However, this will be partially offset by an increase in the return on the plan's investments and if the return on plan asset falls below this rate, it will create a deficit in the plan.

Longevity and Salary Risks. The present value of retirement liability is calculated by reference to the best estimate of the mortality of the plan participants both during and after their employment and to their future salaries. Consequently, increases in the life expectancy and salary of the plan participants will result in an increase in the plan obligation.

Maturity analysis of the undiscounted benefit payments as at reporting date are as follows:

	2022	2021
Within 1 year	₱35,160	₱31,581
More than 1 year to 5 years	163,829	148,259
More than 5 years	452,015	434,218
	₱651,004	₱614,058

The weighted average duration of the retirement liability is 11.8 years and 13.4 years as at December 31, 2022 and 2021, respectively.

17. Income Tax

The Company has no provision for current income tax due to its taxable loss position in 2022, 2021 (and 2020). Provision for deferred income tax amounted to ₱40,554 and ₱19,190 in 2022 and 2021, respectively (nil in 2020).

On June 26, 2019, the Supreme Court (SC) released a decision discussing that membership dues, assessment fees, etc. are exempt from income tax and VAT. This is the SC case G.R. No. 228539 entitled "Association of Non-Profit Clubs, Inc. (ANPC) vs. Bureau of Internal Revenue" which was rendered final and executory with the Entry of Judgment made at the SC Second Division.

SC ruled that, for as long as these membership fees, assessment dues, and the like are treated as collections by recreational clubs from their members as an inherent consequence of their membership, and are, by nature, intended for the maintenance, preservation, and upkeep of the clubs' general operations and facilities, then these fees cannot be classified as "the income of recreational clubs from whatever source" that are "subject to income tax." Instead, they only form part of capital from which no income tax may be collected or imposed.

The Company's deferred tax liability amounting to ₱59,744 and ₱19,190 as at December 31, 2022 and 2021, respectively, pertains to net retirement asset. Provision for deferred income tax is presented in profit or loss.

The components of the Company's unrecognized deferred tax assets are as follows:

	2022	2021
NOLCO	₱6,553,904	₱7,694,919
Allowance for ECL	149,353	149,353
Excess of contribution over service cost	61,707	58,783
	₱6,764,964	₱7,903,055

These deferred tax assets amounting to ₱6.8 million and ₱7.9 million as at December 31, 2022 and 2021, respectively, were not recognized since management believes that it is not probable that taxable income will be available against which the deferred tax assets can be utilized.

Under the Republic Act No. 11494, *Bayanihan to Recover as One Act*, and Revenue Regulations No. 25-2021, the Company is allowed to carry over its operating losses incurred for the taxable years 2020 and 2021 for the next five years immediately following the year of such loss.

The details of NOLCO which can be claimed as deduction from future taxable income are shown below.

Year Incurred	Beginning Balance	Incurred	Expired	Ending Balance	Valid Until
2022	₱-	₱7,764,265	₱-	₱7,764,265	2025

	₱38,474,595	₱7,764,265	(₱13,469,340)	₱32,769,520	

The Company incurred MCIT amounting to ₱106,307 and ₱846 in 2018 and 2017, respectively, which expired in 2021 and 2020, respectively.

The reconciliation of benefit from income tax computed at the statutory tax rate and provision for income tax computed at effective tax rate follows:

	2022	2021	2020

Corporate Recovery and Tax Incentives for Enterprises Act (CREATE)

On March 26, 2021 the CREATE Act was signed into law by the President of the Philippines and took effect 15 days after its complete publication in the Official Gazette or in a newspaper of general circulation.

Under the CREATE Act, the RCIT of domestic corporations was revised from 30% to 25% or 20% depending on the amount of total assets or taxable income. In addition, MCIT was changed from 2% to 1% of gross income for a period three years. The changes in income tax rates shall be applied retrospectively beginning July 1, 2020.

In 2022 and 2021, the current income tax rates used in preparing the financial statements are 20% RCIT and 1% MCIT. The change in tax rate has no impact in 2020 as the Company has no provision for current and deferred income tax in 2020.

18. Financial Assets and Financial Liabilities

Financial Risk Management Objectives and Policies

The Company's principal financial instruments consist of cash and cash equivalents, trade and other receivables (excluding advances to employees), trade and other payables (excluding membership dues collected in advance and statutory payables). The main purpose of these financial instruments is to provide funds for the Company's operations and capital expenditures.

The BOD has overall responsibility for the establishment and oversight of the Company's risk management framework. The Company's risk management policies are established to identify and manage the Company's exposure to financial risks, to set appropriate transaction limits and controls, and to monitor and assess risks and compliance to internal control policies. Risk management policies and structure are reviewed regularly to reflect changes in market conditions and the Company's activities.

The Company has exposure to credit risk and liquidity risk from the use of its financial instruments. The BOD reviews and approves the policies for managing each of these risks.

Credit Risk. Credit risk is the risk of loss that may arise on outstanding financial instruments should a counterparty default on its obligation. The Company limits its exposure to credit risk by depositing its cash in banks with highly reputable and pre-approved financial institutions. In addition, receivable balances are monitored on an ongoing basis with the result that the Company's exposure to credit losses is not significant.

The Company's maximum exposure to credit risk is equal to the carrying amount of its financial assets. The Company has no concentration of credit risk.

The tables below show the credit quality by class of financial assets based on the Company's credit rating system.

	2022				
	<u>Neither Past Due nor Impaired</u>		Past Due but not Impaired	Impaired	Total
	High Grade	Standard Grade			
Simplified approach - Trade receivables	₱1,299,884	₱-	₱-	₱437,696	₱1,737,580
12-month ECL:					
Cash in banks and cash equivalents	16,286,745	-	-	-	16,286,745
Nontrade receivables	659,846	-	-	309,068	968,914
	₱18,246,475	₱-	₱-	₱746,764	₱18,993,239

	2021				
	<u>Neither Past Due nor Impaired</u>		Past Due but not Impaired	Impaired	Total
	High Grade	Standard Grade			
Simplified approach - Trade receivables	₱1,774,647	₱-	₱-	₱437,696	₱2,212,343
12-month ECL:					
Cash in banks and cash equivalents	4,245,513	-	-	-	4,245,513

	₱6,907,316	₱-	₱-	₱746,764	₱7,654,080

The credit quality of the financial assets was determined as follows:

- High grade - applies to customers and counterparties that always pay on time or even before maturity.
- Standard grade - applies to receivable from counterparties that always pay on due date if they are reminded or followed up by the Company.
- Past due but not impaired - items with history of frequent default, nevertheless, the amounts are still collectible.
- Impaired - those that are long outstanding or those that have been provided with an allowance for ECL.

Liquidity Risk. Liquidity risk is the risk that the Company will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. The Company seeks to manage its liquidity profile to be able to finance its capital expenditures and service its maturing debts. The Company's objective is to maintain a balance between continuity of funding and flexibility through valuation of projected and actual cash flow information. The Company considers obtaining borrowings as the need arises.

As at December 31, 2022 and 2021, the Company's trade and other payables (excluding membership dues collected in advance and statutory payables) are generally settled within a year.

Capital Management

The primary objective of the Company's capital management is to ensure that the Company has sufficient funds in order to support its business, pay existing obligations and maximize member value. The Company manages its capital structure and makes adjustments to it, whenever there are changes in economic conditions. To manage or adjust the capital structure, the Company may obtain additional support from members. No changes were made in the objectives, policies or processes as at December 31, 2022 and 2021. The Company considers its equity as capital employed and monitors capital using the monthly cash position report and financial statements.

Fair Value of Financial Assets and Liabilities

The table below presents the carrying amount and fair value of financial instruments:

	2022		2021	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value

We have audited in accordance with Philippine Standards on Auditing, the financial statements of The Spa and Lodge at Tagaytay Highlands, Inc. (the Company) as at and for the years ended December 31, 2022 and 2021 and have issued our report thereon dated April 1, 2023. Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying Supplementary Schedules for submission to the Securities and Exchange Commission are the responsibility of the Company's management.

The supplementary schedules include the following:

- Schedule of Financial Soundness Indicators as at and for the years ended December 31, 2022 and 2021
- Schedules required Annex 68-J of the Revised Securities Regulation Code (SRC) Rule 68 as at and for the year ended December 31, 2022

The financial soundness indicators are not measures of operating performance defined by the Philippine Financial Reporting Standards and may not be comparable to similarly titled measures presented by other companies. The components of these financial soundness indicators have been traced to the Company's financial statements as at and for the years ended December 31, 2022 and 2021, and no material exceptions were noted.

The supplementary schedules are presented for purposes of complying with the Revised SRC Rule 68 and are not part of the basic financial statements. The supplementary schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, fairly state, in all material respects, the financial data required to be set forth therein in relation to the basic financial statements taken as a whole.

4. Unaudited Statements of Cash Flows for the six-month period ended June 30, 2023 and 2022.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Financial Condition

As of June 30, 2023 compared to Year Ended December 31, 2022

Assets

The Spa and Lodge at Tagaytay Highlands, Inc. (TSL) has total assets of ₱41.38 million as of June 30, 2023 compared to ₱39.76 million as of December 31, 2022. TSL has current asset of ₱1.22 for each peso of current liabilities as of June 30, 2023 compared to ₱1.17 as of December 31, 2022.

Cash and cash equivalents

Cash and cash equivalents decreased by ₱0.46 million or 29.94% from ₱16.41 million as of December 31, 2022 to ₱16.08 million as of June 30, 2023. This was due to net cash used in additions to property and equipment of ₱1.73 million and offset by cash provided by operating activities amounting to ₱1.41 million during the year.

Receivables

Receivables increased by ₱0.46 million or 29.94% from ₱1.53 million as of December 31, 2022 to ₱1.99 million as of June 30, 2023 due to annual dues and real property tax billed to members.

Inventories

Inventories were lower by ₱5.38 thousand or 28.76% from ₱383.67 thousand as of December 31, 2022 to ₱378.30 thousand as of June 30, 2023.

Other current assets

Other current assets increased by ₱0.61 million or 15.55% from ₱3.90 million as of December 31, 2022 to ₱4.51 million as of June 30, 2023 due to unamortized prepayments for the year.

Noncurrent assets

Property and equipment of ₱18.10 million as of June 30, 2023 showed a decrease of ₱0.86 million as compared to ₱18.97 million as of December 31, 2022 due to improvement in building, facilities, and equipment of ₱1.74 million. This was offset by the depreciation expense during the period amounting to ₱2.60 million.

Liabilities

Total liabilities decreased by ₱0.43 million or 2.25% from ₱19.26 million as of December 31, 2022 to ₱18.83 million as of June 30, 2023. These were mainly due to the decrease in related party payables.

Members' equity

Members' equity showed an increase of ₱0.33 million or 1.47% from ₱22.22 million as of December 31, 2022 to ₱22.55 million as of June 30, 2023 due to the net income recognized for the six month period.
